MEDICINAL.
The world contains no more charming picture than that of a young girl's face. All too frequently the happiness and radiance in the young girl's face is doomed to be blotted out by the lines of sickness and suffering. No young woman is fitted for wifehood and motherhood who suffers from weakness and disease in a womanly way. For such a womanhood only holds out the prospect of suffering and motherhood the prospect of death.

There is no reason why this should be true. If a woman will take proper care of her health and important organs that make her health and motherhood possible, there is no reason why she may not be a healthy and happy wife and mother. Dr. Pierce's Favorite Prescription is the greatest of all medicines for women. More of it has been sold than of any other medicine for women. It has cured thousands of women who have testified to its marvelous results. It acts directly on the distinctly womanly organism, and gives strength, health and vigor. It always invigorates, heals ulceration, soothes pain, calms the nerves. It does away with the ailments of the period of anticipation and makes baby's advent easy and almost painless. It insures the new mother's health and an ample supply of nourishment. In Dr. Pierce's Common Sense Medical Advice, hundreds of women relate over their own experiences with this medicine. It is sold by all good medicine dealers.

Just month I had no pain at all and worked every day without inconvenience. It was the first time I passed that period without pain. Dr. Pierce's Favorite Prescription, Dr. R. V. Pierce, Buffalo, N. Y.

The People's Medical Adviser contains several chapters devoted to the physiology of women, with directions for self-treatment which every woman ought to read. A paper-bound copy sent absolutely free on receipt of 21 one-cent stamps to any mail-order or cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

PROTECTION OF FISH.

The Senate yesterday passed the House bill for the protection of fish and the maintenance of a permanent spawning ground in the District of Columbia. The bill provides:

That from and after the date of the passage of this act, no person shall fish with fyke net, snake net, weir, flat net, gill net, haul seine, dip net, nor by other contrivance, stationary or floating, in the waters of the Potomac river and its tributaries within the District of Columbia: Provided, That nothing in this act shall be construed to prevent the use of barrel nets or pots for catching or killing of eels, or prevent the United States Commissioner of Fish and Fishing, or his agents, from taking from said waters, in any manner desired, fish of any kind for scientific purposes or for purposes of propagation, and that none of the provisions of this act shall apply to persons employed in catching young catfish, smelt, chub, bull minnows and crayfish for use as bait in fishing with hook and line: Provided, further, that any person engaged in taking such catfish, smelt, chub, bull minnows and crayfish shall first have procured a written permit from the said Commissioner of Fish and Fisheries to take such bait for hook and line fishing.

Sec. 2. That no person shall catch or kill in the waters of the Potomac river or its tributaries within the District any black bass (otherwise known as green bass and chub), crappie (otherwise known as calico bass and strawberry bass), between the 1st day of April and the 1st day of June of each year, nor have in possession nor expose for sale any said species between the dates aforesaid, nor catch or kill any said species of fish at any other time during the year except by angling, nor catch or kill any of the aforesaid species by what are known as out lines or trot lines having a succession of hooks or devices.

Sec. 3. That it shall be unlawful for any person to have in possession or expose for sale in the District of Columbia after the 10th day of June in any year any fresh fish of the shad or herring species.

Sec. 4. That it shall be unlawful for any person to expose for sale in the District of Columbia at any time during the year any striped bass, or rockfish or black bass having a length of less than nine inches.

Sec. 5. That it shall be unlawful for any person to catch or kill in the waters of the Potomac river or its tributaries within the District of Columbia any fish by means of explosives, drugs or poisons.

Sec. 6. That no person shall allow any tar, oil, ammoniacal liquor or other waste products of any gas works or works engaged in using such products, or any waste product whatever of any mechanical, chemical, manufacturing or refining establishment to flow into or be deposited in Rock Creek or the Potomac river or any of its tributaries within the District of Columbia, or into any pipe or conduit leading to the same.

Sec. 7. That any person who shall violate any of the provisions of this act shall be deemed guilty of a misdemeanor, and, upon conviction thereof before the Police Court or any other court of the District of Columbia, shall be fined for each and every such offense not less than \$10 nor more than \$100, and in default of payment of fine, shall be imprisoned in the workhouse for a period not exceeding six months; and any officer or other person securing such conviction before the police court of the District of Columbia shall be entitled to and receive out-half of any fine or fines imposed upon and paid by the party or parties adjudged guilty.

Sec. 8. That all nets, boats, or other contrivances, the property of any person convicted under the provisions of this act, shall be forfeited to the property clerk of the Metropolitan police department to the order of the judge of the police or other court, and if not claimed for within six months by the claimant the same shall be treated as other abandoned property coming into the hands of the police.
